Northwest states that the purpose of this filing is to comply with the Commission's February 16, 1996 Letter Order approving the Offer of Settlement filed in the referenced proceeding on November 14, 1995. Northwest states that the rates included in this compliance filing are for a fifteen month locked-in period broken into two separate rate periods. The First Period rates are for November 1, 1994 through October 31, 1995. The Second Period rates are for November 1, 1995 through January 31, 1996. Northwest states that the base rates for the entire period have been restated in the new proposed tariff sheets in Appendix A to the filing. Workpapers supporting the derivation of the rates for the First Period and Second Periods are attached thereto in Appendix B and Appendix C, respectively. Northwest states that all rates have been derived in the manner agreed to in the Settlement. All affected rate schedule tariff sheets that were in effect during the locked-in period have been changed. The proposed tariff sheets reflect these changes.

Pursuant to Section 2.1 of the Settlement, Northwest has requested that this filing be noticed for initial and reply comments. Initial comments are to be filed within twenty days of the date

of the filing and reply comments are to be filed within ten days thereafter.

FEDERAL ENERGY REGULATORY COMMISSION

[Docket No. RP96-206-000]

Questar Pipeline Company; Notice of Tariff Filing

April 15, 1996.

Take notice that on April 10, 1996, Questar Pipeline Company (Questar), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, First Revised Sheet Nos. 21 and 182, Second Revised Sheet No. 20, and Third Revised Sheet No. 51, to become effective May 10, 1996.

Questar states that the proposed tariff sheets revise its tariff to more clearly explain that the level of service specified in a shipper's No-Notice Transportation (NNT) Service Agreement may be nominated, on any day, under any or all of the shipper's Rate Schedule T-1 (firm) Transportation Service agreements so long as the NNT nomination does not exceed either (1) the shipper's level of NNT service or (2) the level of firm transportation service

specified in the transportation service agreement to which the NNT service is nominated.

Questar explains further that the proposed tariff revisions, which are being tendered in response to customer requests, more clearly set forth the true intent of NNT service.

Questar states that a copy of this filing has been served upon its transportation customers, the Public Service Commission of Utah, and the Wyoming Public Service Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 385.211 and 385.214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.
